AAFSW SCHOLARSHIP AWARD WINNERS 2023

AAFSW's Merit Scholarships and Judy Felt Memorial Volunteerism Scholarship

ANDREW PETERSON

We'll probably never meet one another, but if we did, you'd probably see me curled up under a tree with a huge fantasy novel. I'm finishing my senior year of undergraduate education at Brigham Young University this year with a major in computer science. I love learning about the way that things in the world work and why they work the way they do. I feel blessed to have an amazing family with whom I got to grow up in South Africa, Botswana, the Dominican Republic, and the Washington DC area.
